

CLAIMS

What is claimed is:

1        1. A method for posting a document, the method comprising:  
2                (a) gathering frequently used delivery instructions for a  
3 particular user;  
4                (b) associating the frequently used delivery instructions with  
5 the particular user;  
6                (c) launching an interactive delivery interface;  
7                (d) identifying the particular user;  
8                (e) presenting, for selection, the frequently used delivery  
9 instructions associated with the particular user; and,  
10              (f) posting the document according to selected frequently used  
11 delivery instructions.

1        2. The method of claim 1 wherein gathering frequently used delivery  
2 instructions for the particular user includes iteratively gathering frequently used  
3 delivery instructions for the particular user.

1        3. The method of claim 1 wherein presenting the frequently used  
2 delivery instructions includes displaying favorite delivery instructions.

1        4. The method of claim 1 wherein presenting the frequently used  
2 delivery instructions includes displaying a list of frequently used delivery  
3 instructions.

1        5. The method of claim 1 wherein the delivery instructions include  
2 destinations.

1           6.     The method of claim 1 wherein the delivery instructions include  
2 delivery methods.

1           7.     The method of claim 1 wherein the delivery instructions include  
2 delivery method specific options.

1           8.     A system for posting a document, the system comprising:  
2               (a)    a recorder configured to gather frequently used delivery  
3 instructions for a particular user;  
4               (b)    an index configured to associate the frequently used  
5 delivery instructions with the particular user;  
6               (c)    an interface configured to present, for selection, the  
7 frequently used delivery instructions associated with the particular user;  
8               (d)    an initiator configured to launch the interactive delivery  
9 interface;  
10              (e)    a detector configured to identify the particular user; and,  
11              (f)    a transmitter configured to post the document according to  
12 selected frequently used delivery instructions.

1           9.     The system of claim 8 wherein the recorder is further configured to  
2 iteratively gather frequently used delivery instructions for a particular user.

1           10.    The system of claim 8 wherein the interface is further configured  
2 to display favorite delivery instructions.

1           11.    The system of claim 8 wherein the interface is further configured  
2 to display a list of frequently used delivery instructions.

1           12.    The system of claim 8 wherein the delivery instructions include  
2 destinations.

1           13. The system of claim 8 wherein the delivery instructions include  
2 delivery systems.

1           14. The system of claim 8 wherein the delivery instructions include  
2 delivery system specific options.

1           15. A program storage device readable by a computer, tangibly  
2 embodying a program, applet, or instructions executable by the computer to  
3 perform method steps for posting a document, the method steps comprising:

- 4                 (a) gathering frequently used delivery instructions for a  
5 particular user;
- 6                 (b) associating the frequently used delivery instructions with  
7 the particular user;
- 8                 (c) launching an interactive delivery interface;
- 9                 (d) identifying the particular user;
- 10                (e) presenting, for selection, the frequently used delivery  
11 instructions associated with the particular user; and,
- 12                (f) posting the document according to selected frequently used  
13 delivery instructions.

1           16. The program storage device of claim 15 wherein the method step  
2 of presenting the frequently used delivery instructions includes displaying  
3 favorite delivery instructions.

1           17. The program storage device of claim 15 wherein the method step  
2 of presenting the frequently used delivery instructions includes displaying a list  
3 of frequently used delivery instructions.

1           18. The program storage device of claim 15 wherein the delivery  
2 instructions include destinations.

1           19. The program storage device of claim 15 wherein the delivery  
2 instructions include delivery methods.

1           20. The program storage device of claim 15 wherein the delivery  
2 instructions include delivery method specific options.
